

## 2012 Texas Spring Liberty Training Workshop Creating a personal connection to the very heart of the horse.

The **2012 Texas Spring Liberty Training Workshop** is for individuals that are seeking a real connection with their horse. Robin Gates and friends are coming to share a new method of equine training that is life changing. Robin is an amazing woman that has developed a way of being with horses based on the Carolyn Resnick method. If you want a better understanding of your horse, this is the workshop for you. Through respectful, heartfelt relationship, the horse truly becomes a partner. There is something about learning how to be truly present, open and honest with the horse that also changes how you show up in other relationships. Here is Robin's website if you want to read more about her work <http://libertyhorsetraining.com/> Look at the videos to get a sense of what I call the "horse energy dance". Please join us for this amazing opportunity to learn, share and grow.

**Part I - Relationship Development is March 15-17th.** You'll learn about the language of the horse and how to really connect. Once there is a real connection, you will be amazed at what is possible to experience with your horse. No matter your riding style or experience level, you will leave this workshop with new tools and ability. Cost - \$300. If you would like to be a participant and enroll your horse as part of the workshop the cost is \$375. **Enrollment is limited to 20 participants and 5 horses.** *Robin will also have private sessions for horse and rider available on a very limited basis.*

**Part II - Deepening the Therapeutic Alliance is March 18th.** The clinic, led by Robin Gates, an equine-human relationship coach, in collaboration with Kimberly Parsons, MFT, offers a deep exploration of connection and relationship with self and others. We will highlight specifically how Robin's brand of Liberty Horse Training seamlessly transfers to the principles of human psychology. And in exploring these commonalities in human and equine psychology such as accurate attunement and pacing, leading and following, participants will identify crucial clinical skills essential to effective therapy. Eight (8) CE credits will be provided for Texas LPCs. Cost - \$159. **Enrollment is limited to 12 participants.**

For more information call Terrie King, LPC at 903-692-3463 or email [thefarm@hughes.net](mailto:thefarm@hughes.net)

**Register early as enrollment is very limited!**  
**Mental Health Professionals are encouraged to attend Part I.**  
**Ask about the discount for attending both Part I and II.**
